Honorable Jack B. Weinstein  
United States District Court Judge  
225 Cadman Plaza  
Brooklyn, NY 11201

RE: *Belfiore v. The Proctor & Gamble Co.*, 14 Civ. 4090 (JBW)  
*Kurtz v. Kimberly-Clark Corp.*, 14 Civ. 1142 (JBW)

Dear Judge Weinstein:

On August 19, my office, on behalf of all parties, sent an email to June Lowe requesting an advancement of the hearing date originally scheduled for October 9 (ECF No. 312 – Belfiore) as that date conflicts with Yom Kippur (see attached email). On that day Ryan O’Neil (covering case manager) replied in an email that he would set up a tentative date for Monday, October 7 and he would confirm with Ms. Lowe upon her return to work (see attached). In response to Rachel Lamorte’s request of September 6, 2019 (attached), we reiterate our request to advance the hearing date to October 7.

Respectfully submitted,

Lester L. Levy

**Lester L. Levy**

**Subject:** Re: Belfiore and Kurtz Oral Argument Dates

Good Afternoon,

I am covering for June Lowe while she is away from the office for the next two weeks. She is expected to return on Tuesday, September 3. In the meantime, I will set a tentative date for Monday, October 7th, 2019 at 10:30 a.m. I will confirm this with Ms. Lowe upon her return to work, but there shouldn't be a problem with the request. Should you have any further questions or concerns, you may also contact me at 718-613-2373 or by e-mail at Ryan\_O'Neil-Berven@nyed.uscourts.gov.

Kind Regards,

Ryan O'Neil  
(covering case manager)

Subject: Belfiore and Kurtz Oral Argument Dates

Ms. Lowe,

I am writing on behalf of the parties in the Kurtz and Belfiore matters. Judge Weinstein recently set the hearing for oral argument on the issues raised in the recent evidentiary hearing for October 9 (ECF No. 312 in Belfiore). Because of Yom Kippur, the parties cannot attend that day, and there are conflicts on October 10 and 11. The parties would propose a hearing on either October 7 or October 8 (as long as we finish by 2:00 on the 8th). If the Court is not available then, perhaps the easiest solution is to provide us with possible dates and we can see what works best.

Matthew Insley-Pruitt
